Jake Januszanis

Full-Stack Web Developer

Denver, CO
Phone: (619)-961-3979 | Email: jjanuszanis94@gmail.com
Portfolio: jakejanuszanis.com | Github: https://github.com/Jake-Januszanis/

Summary

Full-Stack Web Developer looking to obtain a position within a company that is challenging and can utilize current web development skill set. Mostly experienced with frontend technologies but have worked with server-side frameworks when building dynamic web pages. Can work well independently or within a team setting.

Skills

Frontend: HTML5, CSS3, SASS, Tailwind CSS, JavaScript, EJS, React, Gatsby

Backend: NodeJS, Express, MongoDB, Mongoose

Other: Git, AJAX, Heroku, Netlify, Adobe Lightroom, Figma

Projects

Weather App
- Built weather app using React and Express to make API calls and display results back to user
- App displays both the current forecast or a 5 day extended forecast for user
- Code written using updated syntax including React hooks and JavaScript ES6 Async/Await functions to improve performance

Reactfolio
- Personal portfolio built using React and Sass to showcase projects
- Designed for desktop but is fully responsive for both tablet and mobile devices
- BEM naming convention used within code for improved readability

Pomodoro Timer
- Pomodoro timer built using HTML, SASS, JavaScript, and MongoDB
- App features register/login page with validation
- Users can save progress to database to keep track of dates and amount of time spent studying to use for motivation to focus longer each day

Work Experience

Server

Recess Beer Garden, Denver, CO

June 2020-Present

- Independently managed sections of 8 or more tables with up to 10 guest per table
- Consistently sold over $2,500 a night while reaching $3,400 on weekends
- Maintained positive attitude during rushes in high volume setting
- Handled customer complaints by working with management to find the best solution to satisfy customer

Personal Achievements

- Successfully planned and achieved the Triple Crown of Hiking which entails hiking the entirety of the Appalachian Trail (2,187 miles), Pacific Crest Trail (2,653 miles), and Continental Divide Trail (~2,800 miles) within 5 years (2014-2019).
